The Planning Commission meet with Thomas Boss regarding the current Land Use Map/ Zoning Map. The Planning Commission discussed what are options are regarding the current approved land use map and what would be the best path forward. After discussion it was determined that to start, we would have the map digitized from it's current 1976 drawing to the current land map reflecting the zoning as it was in 1976. Thomas will update his files to digitize the map and we'll reconnect in the coming months.

2. Amendment to Planning Commission bylaws.
