ORDER OF BUSINESS

1. Review Rome Township Land Use Plan.

The Planning Commission had a lengthy discussion regarding the Land Use Plan/Map. Matt Minnick informed the Planning Commission that he had contacted the Region II Planning Commission looking to see if they had any updated maps. They indicated the most recent map they have is from the 70's. Pat Bournes also contacted the Lenawee County Accessors office checking to see if they had any additional information. Again no information was available. While discussing the Land Use Plan/Map; Kevin Fisher noticed the Land Use Map document from years past actually listed information regarding the zoning in Rome Township. It appeared the information was provided by the Lenawee County Equalization Department. The Planning Commission asked Pat Bournes if he was able to contact the Equalization Department to see if they had any information regarding zoning in Rome Township. It was also decided that future changes to the Map will include the Public Land modification(s). It was also decided the map will not reflect any commercial or industrial lands.
